### Description of Change

3D-PLUS micro camera heads will be transitioning from CCD sensor technology to the next generation CMOS technology.

### Reason for Change

CCD Sensors supplier informed 3D-PLUS that they will discontinue the supply and manufacturing of their components which are part of our micro camera head. As a consequence 3D-PLUS is initiating a product termination process for its CCD technology micro camera heads while introducing new solutions offering the same level of miniaturization based on the best CMOS sensor performances.

Last time buy Date: June 29<sup>th</sup> 2015.

Last time shipment Date: end of June 2017

Please contact your nearest 3D-PLUS sales representative to review and identify the optimum solution for your immediate needs as well as new products design.
